BUSINESS LANGUAGE TRAINING

What are the benefits of language learning for your business?

- ★ Greater profitability through acquiring additional clients and broadening the market
- ★ Greater freedom abroad to travel and to deal with all companies rather than just those who speak English
- ★ Better relationship building with clients
- ★ Increased credibility and status
- ★ Increased respect for the company from clients
- ★ Differentiate your business from your competitors

How can we help?

BESPOKE LANGUAGE AND CULTURAL TRAINING

We will tailor a course specifically to your company and your individual needs. At our free initial consultation we will establish why you wish to learn the language, what level you would like to achieve and how we are going to achieve that. We will then put together a bespoke course tailored for you. This will be constantly review against your progress and altered as necessary.

Our native speaker tutors will come to you at a time to suit you and will make the learning relevant to both your learning style and linguistic needs.

We can also offer accredited courses through Asset languages.

OPEN COURSES

Full day Business Language and Cultural Workshops for complete beginners to cover the basics in your chosen language. Emphasis is on both language and culture, and will include business etiquette, meeting and greeting, eating out, effective telephone usage, email and letter correspondence.

A combination of these and other services may also be a suitable solution for your business.
